I have been an Allen and Heath user for many years and a user of the iLive consistently for the past 3 years. I was able to run one daily for years during college for contemporary and classical events at Valley Forge Christian College in PA and recently purchased one for National Community Church where I am now on staff.

Luckily I've worked in Passing on the A&H, GLD, Ilive and Dlive in passing. I'm going to post a little review here for those care in another thread. But to sum up, for it's price point I was super impressed with, it could just be the "new shiny," vibe; versus my usual work on what is now a Dust and Bones console the LS9, in the Digital world

8 user reviews on Allen & Heath iLive. I have the opportunity to work with this console regularly and being accustomed to analog consoles (to live)

and not particularly a fan of digital tables (the provider did not have the choice), I admit I had trouble the beginning to grip.

Allen & Heath Digital ILive T112 Mixing Desk. The Allen & Heath iLive digital mixing console system brings the A & H name into the world of live digital mixing. Long a legendary name in the world of analog consoles, the company's foray into digital mixing is characteristically classic and functional. The iLive digital mixing console system combines a powerful digital mix engine with the hands-on, familiar feel of a live console, and the amount of control and peripheral options is incredible.
