The SANUS BLT2 Advanced Tilt Premium TV Wall Mount features a revolutionary design, providing 5.7” of extension on a tilting mount. The extension allows even the largest of TVs to achieve the maximum listed tilt range\*. Large TVs installed on traditional tilting mounts often hit the wall, limiting the maximum tilt that can be achieved.

### Advanced Tilt TV Mount For 42" - 90" TVs

Television, sometimes shortened to TV or telly, is a telecommunication medium used for transmitting moving images in monochrome (black and white), or in color, and in two or three dimensions and sound.The term can refer to a television set, a television show, or the medium of television transmission.Television is a mass medium for advertising, entertainment, news, and sports.

### Television - Wikipedia

Alas, this TV (and, I think, all LG's Smart TVs) only records on external HDD (40 GBs at least); USB sticks are only for playing contents. This was unmentioned both in the manual and in the built-in guide. The TV's recording feature (Time Machine II) just ignores the USB stick and asks to connect an external HDD.
