### **505L pumphead with twin offset tracks for ... - Watson-Marlow**

Pump: Heavy duty cast iron construction, with 2" NPT female threaded, in-line suction and discharge ports. This compact, vertical design is self-supporting and requires a minimum of floor space. The self-priming feature allows the pump to be mounted above the liquid and suction lifts of 10' to 20' can be achieved, depending on the liquid and the pump model.
