At Apologia, we call the 2 short years of 7th and 8th grades in middle school the transition years because young scientists are transitioning from elementary science into the high school science stage. It is during these 2 years that students begin to learn more independence and taking responsibility for their work. And with Apologia's junior high curriculum, young students who were ...

Life of Fred: Chemistry is a stand-alone chemistry course designed for the high school years. Short and concise-while still managing to cover many, many different topics in typical Life of Fred style-- it contains 36 lessons that are rich in content without overloading students with "facts, facts, facts."
